

TETON RAPTOR CENTER

PRIVATE PROGRAMS & EVENTS
with EXTENDED FACILITY USE

LET US HOST YOU

Our magnificent team of avian ambassadors is ready to captivate and inspire your group in our equally beautiful spaces where we offer the ultimate Avian Experiences.

To elevate your experience, your group will be fascinated by an engaging 20-minute program featuring one of our avian ambassadors and highlighting our work to keep wild birds wild.

A dedicated TRC staff member will be on hand throughout your experience or meeting.

HARDEMAN BARN HISTORY

The historic Moseley/Hardeman Barn was constructed in the early 1940s. For over 80 years, the gracefully arching structure of the wind-proof gothic barn has been the visual hub of Wilson, Wyoming.

After several tenants on the property, Teton Raptor Center began leasing the property in 2008, which cemented a location for us to spread our wings. In April of 2017, TRC purchased the property to become a permanent home for raptor conservation in the valley.
